If you are not present, or the opportunity to agree or object to a use or disclosure cannot practicably be provided because of your capacity or an emergency circumstance, I may exercise my professional judgment to determine whether a disclosure is in your best interest. If I disclose information to a family member, other relative, or a close personal friend, I will disclose only information that I believe is directly relevant to the person's involvement with your health care.

It is a professional best practice for counselors to engage in either peer-to-peer or professional oversight supervision activities throughout the course of their career. As a student intern still earning my degree in counseling, I am required to receive supervision by a Licensed Mental Health Counselor. My direct supervisor is Robert Johnson, LMHC, though I will also receive peer-to-peer supervision from other therapists at this clinic. During my supervision meetings I may discuss cases and treatment for the purposes of improving care and/or professional development. If I make reference to my counseling with you, I will do so in a way that disguises your identity and limits disclosure of your PHI. If such a disguise is impossible or undesirable, I will ask you to sign a waiver. If you do not agree to sign, I will not make identifiable reference to you.

Financial Terms and Conditions

Counseling Fees: The hourly fee for counseling sessions is \$195 with a sliding scale offered upon request. Counseling sessions are 45-50 minutes long. A no-show or late cancellation (within less than 24 hours of appointment) will require a full fee (insurance rate plus your co-pay/coinsurance or full out-of-pocket fee) payment unless there is a documented medical emergency. The fee can be waived for other emergencies if the counselor deems it okay.

Court Fees: If I am legally obligated to testify in court, the subpoenaing party will be responsible for paying my court fees. Those fees are set at the rate of \$200 per hour. These fees will be charged for the following but are not limited to preparation time (including report or letter writing, filing documents at the court, or returning required calls that pertain to the case), driving time, waiting time, as well as testifying and any attorney fees or costs I incur because of the legal action. Please note that additional fees could apply in the event I have to interrupt vacation or personal time to appear in court for litigation. If the subpoenaing party does not pay this fee, the cost will fall to the client or the client's guarantor.

Letter or Report Writing to Third Party/Organization: In the event that you require letters or any other form of communication in writing to institutions, companies, work, schools, courts, military, and/or other third parties for the purpose of verifying your participation or progress in counseling, as well as other actions needed on your behalf, it will be billed separately at quarter-hour increments of the agencies hourly therapy rate. Attendance verification for schools is available upon request at no charge.

Consultation Services: If a consultation meeting between the counselor and a third party is deemed necessary by the client and/or their legal guardian, the financially responsible party will be billed \$45 per 15 minutes of the consultation. A third party includes but is not limited to school counselors, licensed social workers, medical health professionals, parents & guardians, institutions, outside agencies, work, lawyers, and the military.

Requesting Records: If you require information from your records, it will be subject to a documentation fee. The clerical fee is \$25.00. The first 30 pages will be \$1.00 per page; anything above 30 pages will be \$0.75 per page. However, where editing of records by a health care provider is required by statute and is done by the provider personally, the fee may be the usual and customary charge for a basic office visit.

Referrals: I recognize that not all conditions presented by clients are appropriate for treatment by this counselor. For this reason, you and/or I may believe that a referral is needed. In that case, I will provide some alternatives including programs and/or people who may be available to assist you. A verbal exploration of alternatives to counseling will also be made available upon request. You will be responsible for contacting and evaluating those referrals and/or alternatives. If for some reason I am not able to continue as your counselor at any time I will try to provide referral options and let you know how to obtain your records.

By my signature, I verify the accuracy of this document and acknowledge my commitment to conform to its specifications.

This Agreement is governed by the laws of the State of Washington.

Washington State Law requires that the following statements be placed in every disclosure statement:

“Counselors practicing counseling for a fee must be registered or certified with the Department of Health for the protection of the public health and safety. Registration of an individual with the Department does not include recognition of any practice standards, nor necessarily implies the effectiveness of any treatment.”

“The purpose of the Counselor Credentialing Act (Chapter 18.19 RCW) is (A) To provide protection for public health and safety; and (B) To empower the citizens of the State of Washington by providing a complaint process against those counselors who would commit acts of unprofessional conduct.”

Severability Clause: The provisions of this Agreement are separate and divisible, and if any provision hereof should be declared to be void and/or unenforceable, the remaining provisions shall be construed and shall be valid as if the void and/or unenforceable provision was not included in this Agreement.

Acknowledgment: I have read and understand the information presented in this disclosure statement and have been offered a copy of the statement. If the client is a minor, the legal guardian (managing conservator) must sign the statement below.

I require documentation of conservatorship/guardianship. If your conservatorship/guardianship is established by a divorce decree or custody document, you are requiring to furnish me with a photocopy of the cause page (first page calling out the case), the page specifying conservator(s), and the signature page from the decree or document before clinical services can begin.

Email and Text (SMS) Messaging Informed Consent

If you would like to be communicated with by email or text message, I need to make sure you are aware of the confidentiality and other issues that arise when we communicate this way and to document that you are aware of these terms and agree to them.

I understand that all email messages are sent over the Internet and are not encrypted, are not secure, and may be read by others. I understand that my email communications with my therapist will NOT be encrypted and, therefore, my therapist can NOT guarantee the confidentiality and security of any information we send via e-mail. I understand that SMS messages are even less secure than email, and the same conditions apply. I understand that for this reason my therapist has advised me not to send sensitive information via email or SMS message. This includes information about current or past symptoms, conditions, or treatment, as well as identifying information such as social security numbers or insurance identification information.

By signing below, I hereby give permission for my therapist to reply to my messages via email, including any information that my therapist deems appropriate, that would otherwise be considered confidential. I agree that my therapist shall not be liable for any breach of confidentiality that may result from this use of email via the Internet.

I understand that my therapist will limit SMS messages to brief inquiries or responses regarding scheduling. I understand that my therapist may at times email me information about resources that I can use as part of my treatment. I hereby consent to receive such information via email. I understand that e-mail and SMS communication should not be used for urgent or sensitive matters since technical or other factors may prevent a timely answer. I understand that if I use email or SMS to make or request scheduling changes it is my responsibility to confirm that my therapist has received my communication more than 24 hours before the appointment time being changed. If I believe I need a response within 48 hours, I will not use email but will call my therapist. If I do not receive an answer to a routine email or text message within two working days, I understand that I should call my therapist. I understand that all email and SMS communications may be made part of my permanent medical record and would be accessible to anyone given access to those records. I also understand that I may withdraw permission for my therapist to communicate with me via email or SMS by notifying my therapist in writing.

Telehealth Informed Consent

I am aware of my options for doing sessions via telehealth or in-person.

If I choose to do sessions via telehealth:

I understand how the video conferencing technology will be used to affect such a session and will not be the same as a direct/client/therapist visit due to the fact that I will not be in the same room as my health care provider.

I understand there are potential risks to this technology, including interruptions, unauthorized access and technical difficulties. I understand that the telehealth system being used is a HIPPA compliant platform and have been offered this platform as the most secure option to perform the telehealth session. I understand that my therapist or I can discontinue the telehealth session if it is felt that the video conferencing connections are not adequate for the situation.

I understand that billing will occur to my insurance company as a telehealth session using the same confidentiality practices as all other sessions. I understand that it is my responsibility to ensure that my health insurance plan covers telehealth sessions and that I will be financially responsible for payment of the session in the case that my insurance does not provide coverage for this service, or if it only covers a portion of the cost.

I have had a direct conversation with an employee of A Better Way Counseling Service, during which I had the opportunity to ask questions in regard to this procedure. My questions have been answered and the risks, benefits and any practical alternatives have been discussed with me in a language in which I understand.
